DIVISION C.
OF OIL & GAS

Daron Haddock, Permit Supervisor
Division of Oil, Gas, and Mining
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, Utah 84180-1203

Dear Mr. Haddock:

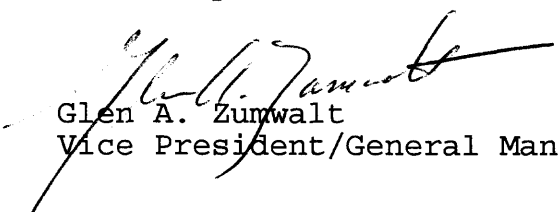

Enclosed are fourteen copies of Maps 2.3.5.2-1, 2.2.1-1, page 4-75, which describe the legal documents, as required by R645-301-114.100, and the soil stabilization information for the fills here at the minesite to meet the requirements of R-645-301-5 553.130.

After further review of the Marakis agreement, we feel it provides the latitude necessary to develop a post mining land use between Utah Fuel and DOGM, without further negotiations with the land owner.

We realize that your technical staff may not share this interpretation, however, we request the Division's Assistant Attorney General (AO) review the agreement and give his opinion.

Other than the Marakis agreement problem, this information should satisfy all outstanding M&RP deficiency issues.

Sincerely,

Glen A. Zurwalt
Vice President/General Manager
